

Skydive in support of the SJJ Foundation and our chosen good causes.

A tandem skydive is the most popular and frequently chosen type of jump by novice and first time thrill seekers – you don't need any previous experience at all to do this jump!

You'll be attached to a fully qualified instructor who controls your jump from start to finish; they will do all the hard work for you, allowing you to catch your breath and enjoy the ride!

Before your skydive begins you will be provided with a training session, shown all the equipment that is used and be talked through what's going to happen, allowing you to feel comfortable and at ease with your upcoming adventure.

After the training session you'll prepare to fly up to over 2 and half miles above the ground with 4-6 like-minded tandem skydivers - this is where your adventure really starts to get real!

Once you're at the correct altitude, your instructor will let you know it's time to move over to the exit door of the plane...

All that's left to do now is jump!

Your exhilarating free-fall will blow your mind as you descend (at 120mph!) before your instructor deploys your parachute, giving you the chance to really settle in to your skydive. From here you will experience a peaceful canopy ride as you slowly glide back down to earth to meet your supporters with a smile on your face, before picking up your well-deserved certificate, happy in the knowledge you are an accomplished skydiver!

Although it'll be an experience difficult to forget, you can also hire a cameraman to document your amazing day with a video and photographs.

I'm ready! What's the next step?

We have spaces reserved at Brackley airfield in Northamptonshire and we would love for you to join us there for our exciting Santa jump on Saturday 4th December 2021. However, if that location is not suitable then there are 5 other airfields taking part in the Santa Skydive. All airfields are fully approved by the British Skydiving and are UK wide, so wherever you live there'll be an airfield for you!

If you would like to see more details about any of the locations - including weight limits, facilities available and filming options and prices - please check out our map of locations at <https://skylineskydiving.co.uk/prices-and-locations/>

Booking Your Jump

We use a company called Skyline to co-ordinate the jumps. They will take care of your booking, confirm the date and arrival time, send you all the information you need about the airfield and what to expect on the day.

To sign up please click on the booking link provided. Whichever airfield you jump at you must provide the standard £70 booking deposit which must be paid upon making your booking.

As soon as you're booked in Skyline will send you a confirmation email. This will have your arrival time and what to expect on the day as well as a map and directions to your airfield. If you have any questions throughout the process, or feel you need more information than your confirmation email contains, just give Skyline a call. The staff are on hand 9-5 Monday to Friday to help you out.

Skyline will let us know when you have registered and we will be in touch to help you with your fundraising.

Jumping for FREE!

The sooner you set up your fundraising page the better! Sharing it on social media will really help to start the ball rolling and you will start to see your donations and messages of support coming through. You can also email the link to your clients, customers and contacts and tell them all what you are doing and how much it would mean to you if they supported you.

Once you hit your target, or you have offline pledges that will help you do this within 2 weeks of your jump, SJL will inform Skyline that we are to pay your jump costs.

If you don't reach target, you will be expected to pay your jump costs of £200-£230 at the airfield.

If you have any concerns regarding your fundraising please do get in touch. We are on hand to help and support you. Please email Jodi Brandwood on j.brandwood@sjlins.co.uk or call her on 01905 27775.

Thank you for considering to support the SJL Foundation.
We look forward to welcoming you on our skydive day!
